

Project: **Sandy Hill, Melbourne, 2019**

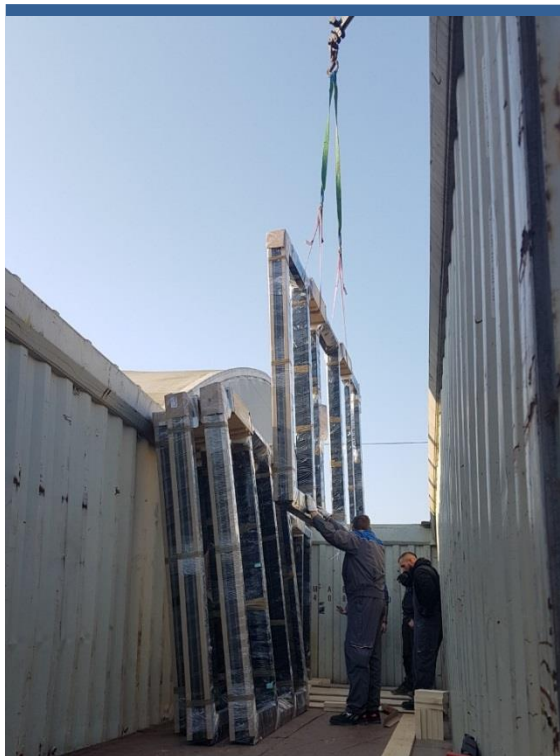

Year of implementation: **2019**
Building: **Sandy Hill**
Town: **Melbourne, Australia**
Client: **Histeh PTY LTD**
Investor: **Buxton Construction**

Type of works performed by Alu alprem:
Windows
Sliding doors

Materials:
Schüco AWS 75.SI
Schüco ASS 70.HI

Key words:
Production of sliding doors
Our first project in Australia
Meeting Australian standards for aluminium joinery

We produced aluminium sliding doors and windows for Sandy Hill Serviced Apartments in Melbourne.

All elements were made based on European standards, taking into consideration Australian standards for aluminium joinery.

A special challenge was posed by the size and weight of elements – we packed and labelled all elements for immediate installation after delivery to the site.

All joinery was delivered in the foreseen deadlines and quality.
